ABOUT US

It all started with a pile of plastic boxes nobody knew what to do with. Takeout felt great, the waste—not so much.

So we asked: What if giving back your containers was as easy as ordering noodles at 2 AM? What if doing good came with rewards, maps, games—and maybe even bragging rights?

That's how Recircle was born. Built by friends who hated waste, loved Zoom Meetings, and believed small actions can make big loops.

Let's turn trash into triumph—one container at a time!

FAQs

1. WHAT IS RECIRCLE?

Recircle is a platform that helps you return used plastic containers easily and rewards you for doing it. Think of it as recycling with perks!

2. HOW DO I EARN CREDITS?

Drop your clean plastic containers at our partner kiosks or restaurants. Every return earns you Recircle Credits you can redeem for discounts, travel passes, and more.

3. WHAT KIND OF PLASTIC IS ACCEPTED?

Toys, bottles, boxes, food containers, more—if it's plastic, we're your door!

4. WHAT HAPPENS TO THE PLASTIC AFTER RETURN?

Returned containers are sorted, cleaned (if needed), and sent to verified recyclers or reused by partner restaurants as per safety norms. For the rest of the plastic, we send it to our partner Recycling Units.

FAQs

7. IS THIS SERVICE PAID?

Nope! Returning containers and earning credits is 100% free for users. We just ask that you return them clean and on time.

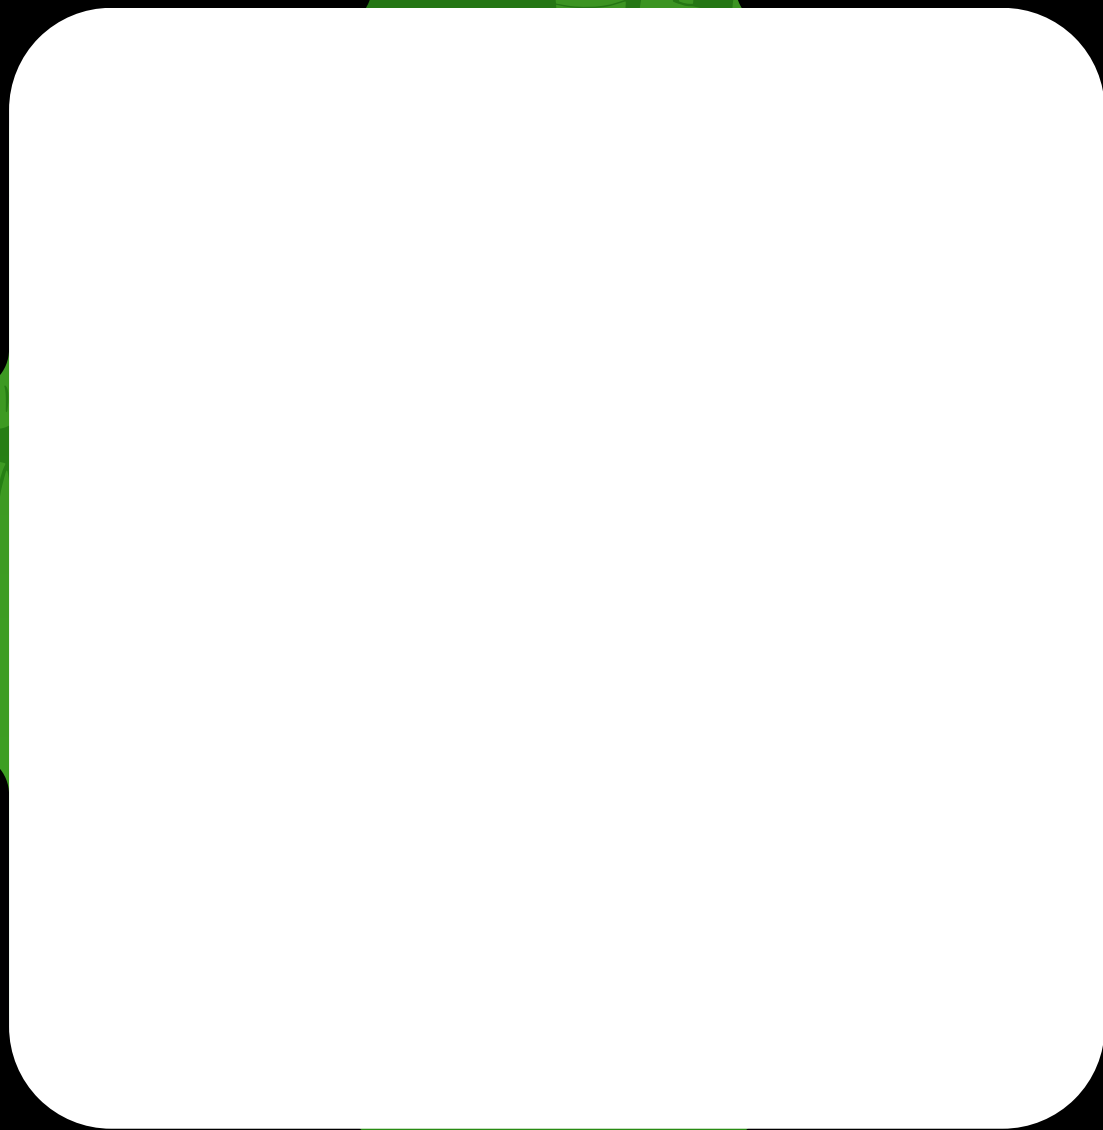

10. HOW CAN I CONTACT YOU?

Head to the “Reach Out to Us” section or drop us a line at hello@recircle.in.
